

February 2026

6.6 Duramax Fuel Injector Seal Kit

This month's focus is 6.6 Duramax fuel injector seal kits covering all model years. These kits are made to handle injector service conditions, including fuel pressure exposure and heat variation, supporting consistent sealing performance across service and rebuild applications in the aftermarket.

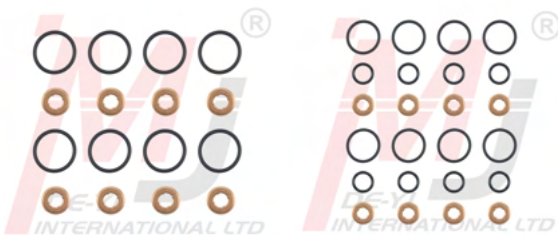

6.6 DURAMAX FUEL INJECTOR SEAL KIT

2001-2004 LB7 Part Number: MJ-LB7FUEL2

This injector seal kit for 2001–2004 LB7 Duramax includes three sealing components (94011701, 97216082, 94011699), each supplied in four pieces, covering injector nipple o-ring seals, injector body o-rings and copper washers.

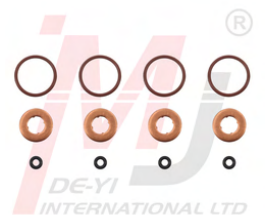

2005-2010 LLY, LBZ, LMM Part Number: MJ-LLYLMMINJ1, MJ-LLYLMMINJ2

For 2005–2010 LLY, LBZ, and LMM Duramax engines, two injector seal kit are available. Both kits include eight pieces of each primary sealing component. MJ-LLYLMMINJ1 includes eight fuel injector O-rings (94013303) and eight copper washers (97327722). MJ-LLYLMMINJ2 includes all components from MJ-LLYLMMINJ1, with an additional eight injector fuel return line seals (94011701).

2011-2016 LML, LGH Part Number: 19256465

This injector seal kit is suitable for 2011–2016 LML and LGH Duramax engines. The kit includes the required injector sealing components used in high-pressure fuel system service, supporting proper seal replacement during aftermarket injector service and engine rebuild operations.

2017-2026 L5P Part Number: MJ-L5PINJ1

MJ-L5PINJ1 includes 8 pcs of fuel injector O-ring seals (12686813) and 8 pcs of fuel injector washers (12664576) for injector sealing requirements in 2017–2026 L5P Duramax engines.

MJ has a complete product line for various industrial. Please get in touch with us for more. If you have any concerns or questions about making an international purchase, check out our [FAQ](#) page for more details or contact the MJ sales team.
